The following information is helpful when you renew your membership:

- 1) Please renew in the month membership is due. If your membership is not renewed by the due date your name is dropped from the NAEA roster. When your membership is not renewed within two months of the due date you receive an expiration notice.
- 2) Your membership due date is found in the upper right corner of your mailing label.
- 3) **Include your current membership number when renewing**
(this number is on all MAEA/NAEA mailing labels in the upper left corner) When the current membership number is not included there is a high probability that you will be registered as a new member and you will lose several months of membership
- 4) Include the division where you spend 51% of your working day when filling out the application
- 5) Print legibly or type when filling out the membership application/renewal.

If any membership information is incorrect or you have an address, phone, or name change please let me know. I will be happy to send any changes or corrections to National.

Districts are assigned by your mailing address. If you work in a different district from where you live you may wish to receive information from the district where you work or from both districts. Let me know I can assign you to both districts.
